

應用科學研究中心

Research Center for Applied Sciences

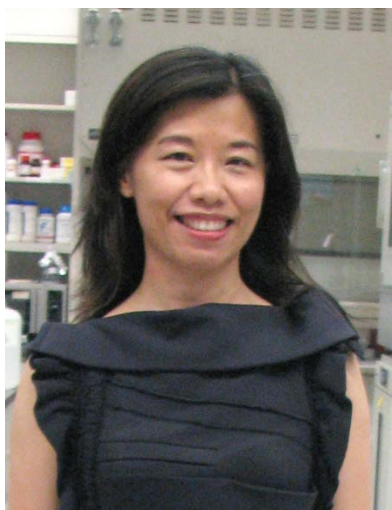

Group Seminar

Understanding timing mechanisms for orderly neuronal connectivity in development and regeneration decline in aging

Prof. Chieh Chang

Department of Biological Sciences, University of Illinois at Chicago, USA

Sensory diversity in the olfactory system: left-right neuronal asymmetry and beyond

Prof. Chiou-Fen Chuang

Department of Biological Sciences, Graduate Program in Neuroscience, University of Illinois at Chicago, USA

Light-sheet mapping for systems neuroscience at high spatiotemporal resolution

Prof. Bi-Chang Chen

Research Center of Applied Sciences, Academia Sinica

Date: 2017.01.03 (Tue)

Time: 10:00-12:00

Venue: 405B Meeting Room, 4F, IRBST, Academia Sinica

跨領域科技研究大樓 4F 405B 會議室

Host: Bi-Chang Chen 陳壁彰助研究員
